

ARTES PLÁSTICAS

The background of the slide features various art supplies. At the top left, a white cup with a red decorative pattern around its base is filled with bright green paint. To the right, a large, shallow, light-brown palette is visible. In the foreground, there are two white paint palettes. One palette has several wells of paint in shades of red, orange, and black. A yellow-handled brush is resting on this palette. Another palette with red and orange paint is partially visible below it. The overall scene is set on a light-colored surface.
